

REMARKS

Claims 1-20, 22-27, and 37-39 stand finally rejected under 35 U.S.C. § 103(a). The rejections are traversed.

For continued examination, the claims have been amended to further recite aspects of the claimed device and the power management circuit. Support for the claim amendments can be found on at least page 27, lines 3-9, of the application as originally filed.

As for the rejections, the Applicants repeat and incorporate the remarks presented in the prior Amendment filed on May 23, 2004. Furthermore, the cited referenced do not anticipate or suggest the newly-added claim limitations.

Reconsideration of the rejections is respectfully requested.

CONCLUSION

In view of the above amendments and remarks, it is believed that all claims are in condition for allowance, and it is respectfully requested that the application be passed to issue. If the Examiner feels that a telephone conference would expedite prosecution of this case, the Examiner is invited to call the undersigned attorney.

Respectfully submitted,
